NEW RELEASE !

by Madhvi

17 tracks of Bhajans and Mantras, the truly healing balms to sooth hearts minds and souls, are presented on this wonderful Audio CD.

This is the second Arpanam CD released by Madhvi and, as before, is rendered in her sweet melodious voice. Excellent music is provided by Rajan Kochhar - which, along with inspired backing by her London based chorus group, enhances this offering of devotion at Swami's feet to commemorate his 81st Birthday.

The album includes Baba's 'new' Birthday Song in English, which received worldwide acclaim upon its release last year.
